

Winter 2019 Publication

Winter 2019 Publication

Woodstock Hospital's winter newsletter features an Operating Room integration project in our Surgical Services Department. It also invites readers to participate in the hospital's Strategic Planning campaign entitled *Your Voice, Your Vision: Creating Great Care Together*. Another important highlight is the success of the 104.7 Heart FM Give Thanks to Your Hospital Radiothon. The event raised over \$27,000 for the Maternal Child Unit at our hospital. To learn more about these and other exciting departmental highlights and initiatives, click on the link below.
